ABOUT YOUR INSTRUCTOR

Peter Sairafian

Peter Sairafian has broad project organization and management experience, spanning strategic planning, enterprise governance, PMO development, project management, business process management, and ERP implementation.

He has led the development of several IT systems, applying best practices in change control, risk management, action item tracking, budgeting, and project management. He has held certifications as a Project Management Professional, CGEIT, Lean Six Sigma Black Belt, Enterprise IT, COBIT, and ITIL governance.
